Someone's life depends on us...

Each year at March For Life, hundreds gather to **demand protection** for all human beings from conception until natural death. Last year, 1300 pro-lifers assembled at the Alberta Legislature and marched through downtown Edmonton to inform others that we are the only western nation with no protection for the unborn.

Since 1969, over 4 million children have been terminated by abortion in Canada. This year, another 100 000 babies will be aborted, over 13 000 in Alberta—at taxpayer expense—while society turns a blind eye. This event is a great opportunity for people of all ages to **join the civil rights movement of our day**. By your presence, you can show lawmakers that **the abortion issue is not settled**.

"In attacking human life in its very first stages, it is also an aggression against society itself. Politicians and legislators, therefore, as servants of the common good, are duty bound to defend the fundamental right to life, the fruit of God's love."

Benedict XVI February 2013

"And if we accept that a mother can kill her own child, how can we tell other people not to kill one another?"

Blessed Mother Teresa

Testimony

"I would like to thank you for the opportunity to participate in this campaign... I was never aware of how large the problem [abortion] was in Edmonton until I attended the Vigil. The first day I attended—when the clinic was open and I saw the doors open and close like a revolving door—was absolutely heart breaking... **I made a pledge with myself that I would do whatever I can for the rest of my life for this cause.**"
